

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

OF THE

STATE OF TEXAS. *Dept. of state*

1908.

W. R. DAVIE,
SECRETARY OF STATE

AUSTIN:
VON BOECKMANN-JONES CO., PRINTERS
1908

REPORT OF SECRETARY OF STATE.

To His Excellency, T. M. Campbell, Governor of Texas:

I have the honor herewith to submit the biennial report of this department for the years beginning September 1, 1906, and ending August 31, 1908. This report does not embrace the returns of the general election to be held November 3, 1908, which will be furnished in a supplementary report so soon as the returns thereof are received and can be tabulated and printed. The period of time covered by this report includes part of three administrations of this department, to-wit, that part of the administration of Hon. O. K. Shannon, from September 1, 1906, to January 16, 1907, inclusive; all of the administration of Hon. L. T. Dashiell, from January 17, 1907, to February 4, 1908, inclusive, and my own administration, from February 5, 1908 (the date of my commission), to August 31, 1908, inclusive.

RECEIPTS OF DEPARTMENT.

The records of this department show that the receipts thereof from all sources for the period of Mr. Shannon's administration embraced in this report were \$45,548.54. That the receipts thereof from all sources for the entire administration of Mr. Dashiell were \$380,898.21, and that the receipts thereof from all sources for that period of my administration embraced in this report were \$453,450.26, aggregating a total of \$879,897.01, an amount in excess of the receipts from all sources for the two previous years of \$276,330.26, as appears from the biennial report of the Hon. O. K. Shannon to August 31, 1906.

These records also show that from September 1, 1906, to and including August 31, 1908, the charters of 2683 domestic corporations were filed in this office and permits granted to 152 foreign corporations to do business in Texas, an increase of 142 domestic charters and 25 permits over a corresponding period of two years next preceding.

This does not include the charters of railroad companies and amendments to same which were passed upon and approved by the Attorney General and recorded in this department. Of these the records show 30 charters of railway companies and 14 amendments to same recorded in this office from September 1, 1906, to August 31, 1908, both inclusive.

From the records of this department I find that the number of pardons, restorations, remissions and commutations granted from September 1, 1906, to August 31, 1908, inclusive, are as follows:

BY GOVERNOR LANHAM.

Pardons	53
Restoration of citizenship.....	40
Remission of fines and penalties.....	19
Commutations of sentence.....	—

BY YOURSELF.

Pardons	198
Restoration of citizenship.....	140
Remission of fines and penalties.....	19
Commutations of sentence.....	5

Total.—Pardons, 251; restorations, 180; remissions, 60; commutations, 5.

REGISTRATION OF RAILROAD BONDS AND STOCK CERTIFICATES.

Reference to the tabulated statement herewith enclosed of railroad bonds and stock certificates from September 1, 1906, to August 31, 1908, inclusive, will show the progress of that work which is imposed upon the Secretary of State by the provisions of Article 4584i, Revised Statutes, and incidentally I beg to call your especial attention to the recommendation which I shall make in regard to the amendment of said Article 4584i under the head of "Recommendations" in this report.

Your attention is also called to the suggestion that the Legislature be requested to amend Article 3328, Revised Statutes, as amended by Chapter 144, General Laws of the Twenty-fifth Legislature, regarding the record of equipment obligations and contracts executed by railway companies to secure the purchase money of equipment, etc.

APPROPRIATION FOR PUBLISHING CONSTITUTIONAL AMENDMENTS.

In accordance with law, the seven proposed amendments of the State Constitution submitted by the Thirtieth Legislature were published in the newspapers of the State as follows: Four to be voted on at the special election called for that purpose on August 6, 1907, and three to be voted on at the general election to be held November 3, 1908. The Thirtieth Legislature failed to make sufficient appropriation for such publication, there being yet due and unpaid bills to the amount of \$9726.08. I beg to request Your Excellency to suggest to the Thirtieth Legislature the necessity of a further and prompt appropriation to pay this just indebtedness.

RECOMMENDATIONS.

Fee for Registering Railroad Bonds.

I recommend that Article 4584i, Revised Statutes, be amended as follows, by inserting after the word "Texas" in the sentence, "This bond is registered under the direction of the Railroad Commission of Texas," the following words: "The fee to be collected by the Secretary of State for registering such railroad bonds shall be ten cents for each bond so registered; provided, that no single series of bonds shall be registered for a fee of less than ten dollars."

*Fees for Recording Railroad Contracts for Equipment, Etc., and
Declarations.*

I recommend that Article 3328, of Section 1, Chapter 144, General Laws Twenty-fifth Legislature, be so amended that hereafter the fee for recording such contracts and declarations be fifteen cents for each hundred words, and in no event less than five dollars.

Permits of Foreign Corporations.

I recommend the passage of the following statute:

"It shall be illegal for any foreign corporation, which is not under the supervision and control of the Commissioner of Insurance and Banking, to engage in or transact any business other than interstate business without having a valid permit therefor from the Secretary of State. The Attorney General may, and under his direction district and county attorneys shall institute injunction or other proper legal proceedings to prevent and to restrain violations of the foregoing provisions, and jurisdiction and venue of such suits is expressly conferred upon the courts of Travis county concurrently with the courts of all other counties in which an agent of such corporations may be located."

Purpose Clause of Foreign Corporations.

I recommend the passage of the following statute:

"No foreign corporation shall be granted a permit to do in the State of Texas, any business for the transaction of which a domestic corporation can not be created under the laws of this State."

Sale of Liquor in Social Clubs, Etc.

I recommend that the Secretary of State shall, in his discretion, be authorized to require of the directors, trustees or other officers of proposed corporations seeking to incorporate under Subdivisions 2, 3, 36 and 65 of Article 642, Revised Statutes, before receiving and filing the charters of same, the following affidavit:

THE STATE OF TEXAS,
County of.....

Before me,, a notary public in and for
..... county, Texas, on this day personally appeared.....
and, known to me, and who, having been duly sworn,
says, each for himself, that it is not the purpose or intention of
..... or of the incorporators thereof, or either of them,
for the use of said club, to engage in any business which will require the
issuance to it, them, or either of them, or to any member or members
of said club, for the use of said club, directly or indirectly, of a United
States retail liquor dealer's license for the sale of spirituous, vinous or
malt liquors.

.....
.....
.....

REPORT OF SECRETARY OF STATE.

Sworn to and subscribed before me byand
, this.....day of....., A. D. 1908.

Notary PublicCounty, Texas.

Which said affidavit shall be signed and sworn to before an officer having a seal and authorized to administer oaths, and shall be filed in the office of the Secretary of State for future reference.

*Applications for Permits to do Business in Texas by Foreign
 Corporations.*

I recommend that foreign corporations seeking permits to do business in Texas be required to file with the Secretary of State an application for such permit, setting forth:

1. Name of said corporation.
2. Name of State by which charter was granted.
3. Home office-of company.
4. Purpose for which permit is desired in Texas.
5. Place at which its business in Texas is to be transacted.
6. Name and address of service agent in Texas.
7. Number of directors.
8. Names and residence of present directors.
9. Authorized capital stock of said corporation.
10. Amount of capital stock issued and outstanding.
11. Number of shares of capital stock and face value of each.
12. Amount of capital stock actually paid in.

This application to be accompanied by a copy of the original articles of incorporation, together with all amendments, certified under the name and seal of the keeper of the records of incorporation in the State in which charter was granted. The said application should be signed officially by the president and secretary or the entire board of directors and acknowledged by them.

EMERGENCY APPROPRIATION.

In view of the increasing duties and importance of this office and of the additional work devolving upon this department during the sessions of the Legislature, in order that the public may have the service to which it is entitled, I recommend that the sum of twelve hundred dollars per annum, or so much thereof as may be necessary, be appropriated by the Legislature to be used by the Secretary of State, at his discretion, in payment for extra labor in said department at such times as in his judgment the regular force in said department can not properly and promptly perform same.

ADDITIONAL RECOMMENDATIONS.

I recommend that Section 10, Chapter 23, Acts of First Called Session of the Thirtieth Legislature, page 506, be amended so as to read as follows:

Sec. 10. Every private corporation heretofore chartered under the laws of this State, and every foreign corporation whose right to do business within this State has heretofore been forfeited as provided by law

solely because of its failure to pay within the time provided by law any franchise or franchise tax and penalty or penalties prescribed by law, that could, under existing laws, procure a charter from the State or a permit to do business in this State, shall be permitted and authorized to pay to the Secretary of State on or before the first day of January, 1910, the aggregate amount of its franchise tax or taxes and the penalty thereon as provided by law, calculated for the entire period of time beginning with the day upon which the first unpaid franchise tax payment became due and ending the day of said payment, and upon such payment being made to the Secretary of State he shall cancel such previous forfeiture of the right of such corporation to do business within this State and shall endorse upon the margin of the record kept in his office relating to such corporation the word "Revived" and the date of such revival.

In conclusion I desire to express my sincere thanks to Your Excellency for your kindly interest and support in the discharge of my official duties. To the Attorney General and his assistants for valuable advice, timely aid and patient hearing of my legal troubles. To my chief clerk, Mr. H. M. Little, and my entire office force, their full share of whatever credit we may deserve for the discharge of the arduous and responsible duties to which you assigned me. I am, with respect,

W. R. DAVIE,
Secretary of State.
